

MAXIMIZE YOUR AWS-BASED CLOUD PLATFORM

Let SoftServe's team of experts make the most out of your cloud infrastructure

Whether it's big data, machine learning, IoT, cloud, DevOps, digital commerce, security, or experience design, let our 4500+ engineers be the go-to team for your infrastructure support and management. We are proud to be an official AWS Advanced Consulting Partner with an AWS Big Data Competency, and with trained AWS specialists within our ranks.

softserve

- Over 100 data warehousing, business intelligence, and big data projects delivered to Fortune 100 and SMB companies
- Over 300 AWS DevOps Engineers
- Over 20 Machine Learning Experts
- Developed Skill for Alexa and Hipchat: VoiceMyBot

SoftServe is an AWS Service Delivery Program member for AWS Lambda, EMR, and Redshift, delivering specific AWS services to customers. Our DevOps, big data, artificial intelligence, and machine learning teams also have deep expertise in TensorFlow, Cloudera, Kubernetes, OpenShift, and Pivotal Cloud Foundry.

Partnering with SoftServe

Together with AWS, SoftServe experts guide clients through the cloud adoption process, often a key ingredient in transforming your business and improving the customer experience. Backed by extensive experience with cloud technologies, SoftServe is a reliable and trusted AWS partner capable of addressing a wide variety of challenges, including:

- Building custom cloud solutions from scratch
- Performing a cloud readiness assessment for legacy solutions, to improve scalability, performance, and time to market
- Optimizing application availability and performance using continuous application support
- Keeping data secure with security assessments and penetration testing
- Engaging with our on-hand experts to assist with broad technical and network support

ABOUT US

SoftServe is a global digital authority and consulting company, operating at the cutting edge of technology. We reveal, transform, accelerate, and optimize the way large enterprises and software companies do business. With expertise across healthcare, retail, media, financial services, software, and more, we implement end-to-end solutions to deliver the innovation, quality, and speed that our clients' users expect.

SoftServe delivers open innovation – from generating compelling new ideas, to developing and implementing transformational products and services. Our work and client experience is built on a foundation of empathetic, human-focused experience design that ensures continuity from concept to release.

Ultimately, we empower businesses to re-identify their differentiation, accelerate market position, and vigorously compete in today's digital, global economy. Visit www.SoftServeInc.com.
